

Environmental Education Centre Presents a course on **Scientific Illustration** With Bronwyn Bean

12 & 13 May 2012 Code: BOT12
Educational courses sponsored by

Accommodation at Gluepot:

Although accommodation is available at Waikerie, it is 64km away (1 1/4 hours travel) so we suggest you camp at the Reserve as your best option. There are three camping grounds to choose from and you will need to be fully self-sufficient in regard to your camping equipment, water and food supplies. The camping grounds provide well-spaced sites that are suitable tents, caravans and vehicles. Toilets are provided at each camping ground but power is not available. The Reserve has an excellent, well maintained track system suitable for 2 WD vehicles and mountain bikes. Course fees include camping fees.

What you will need to bring to the course:

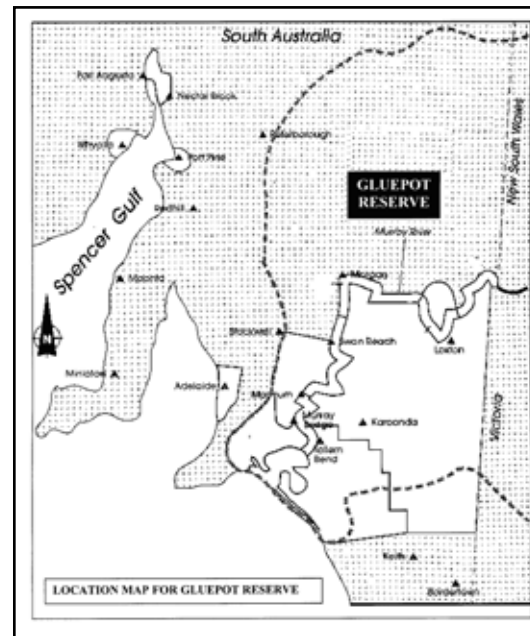

- Rotary pencil – size 0.35 (preferable) or 0.5, and HB leads
- Lead pencils – F, 2B and 6B
- Clear ruler
- Eraser (not essential)
- Paper stick
- Paper for practice and exercises
- Surgical blade – size 10 or 22 (can be purchased through instructor)
- Bristol board, A3, hot pressed or Scholler paper (paper needs to be able to have pencil scraped off with a razor or Stanley knife without damage to the paper)
- Hand lens x10
- Dissecting kit (if owned)

If participants would like to add colour to their work Winsor & Newton Gouache - Peacock Blue, Bengal Rose, Brilliant Yellow, Permanent White Brushes Size 000, and 0 (00)

All art supplies are available through Eckersley's Arts Crafts and Imagination, 21-27 Frome St. Adelaide, 82234155. The can post work out.

- #### DIRECTIONS TO GLUEPOT RESERVE
1. TURN LEFT OUT OF SHELL SERVICE STATION.
 2. TAKE FIRST TURN RIGHT TO FERRY.
 3. AFTER FERRY CROSSING, FOLLOW BITUMEN ROAD TO MORGAN/RENMARK ROAD — 1.1 KM.
 4. TURN LEFT AND TRAVEL 3 KM TO CHRISTADELPHIAN CHURCH ON RIGHT - LUNN ROAD.
 5. TRAVEL 1.5 KM DOWN GRAVEL ROAD TO FIRST GATE.
 6. FOLLOW SIGNS TO GLUEPOT.

The Workshop

An introduction to Scientific Botanical Illustration will provide you with knowledge and practical experience to create your own scientific botanical illustrations. The two day workshop will take you step by step through the process of creating an illustration, from a beginner's level. It will focus on drawing and painting techniques, aims and components of an illustration. No prior drawing experience is necessary. The workshop aims to introduce participants to the beauty and enjoyment of botanical illustration.

What you will learn

- Participants will gain an understanding of scientific botanical illustration:
- History, advantages and applications
- Components including use of dissections and annotation
- Techniques and materials used
- Create a scientific botanical illustration

Bronwyn Bean

Your facilitator for the weekend is Bronwyn Bean, has been studying art for a number of years. holds an honours degree in Environmental Weed Management at the Flinders University and majored in plant biology, environmental management and geography during her undergraduate degree. Bronwyn studied scientific botanical illustration with Gilbert Dashorst at the Adelaide Botanic Gardens. She produced a calendar of botanical illustrations of environmental weeds published during 2006, and since then has produced a series of illustrations for the Mount Lofty Natural Resource Management Board.

About Gluepot

Gluepot Reserve is a 54,000ha conservation reserve situated 64km north of Waikerie in South Australia's Riverland district. Gluepot was purchased by Birds Australia with the aim of "effectively managing a large, internationally significant area for biodiversity conservation". Among the 18 nationally threatened bird species resident on Gluepot are Black-eared Miner, Redlored Whistler, Regent Parrot, Striated Grasswren, Major Mitchell Cockatoo and Malleefowl, that are only a small section of the 190 bird species recorded there so far. There are few areas of the world that support such a concentration of threatened species.
